A Message to Prospective Trafton Parents

As we begin our 41st year of successfully educating the children of Tangipahoa and surrounding parishes, our well-trained, certified teachers have excitingly prepared for the beginning of the new school year. With low teacher turnover, our faculty and staff are well-prepared to bring your child to the next level.

Trafton Academy, having been a nonpublic, state-approved school since its inception in 1984, uses state approved curriculum and textbooks. We go the extra mile by adding our resources of music, art, computer, library, P.E., and Spanish. A before school, morning, and afternoon recess allows/affords our students the opportunity to enjoy physical and social activities each day.

As always, we maintain an open-door policy welcoming any concerns a parent or student may have. Also, to ensure a family's complete satisfaction, Trafton does not require a yearly contract with tuition payments being made on a month-to-month basis. Even with this policy, we have a low student turnover and remain full year-to-year. Our students are happy and, through their own admission, look forward to returning each new school year!

Our graduating students are well-prepared for their continuing education with a background in 8th grade Algebra, La. History, an excellent writing curriculum, and computer skills such as PowerPoint and graphic design. To help ensure their success, a keyboarding program was recently added with last year's 8th grade graduates being certified in keyboarding.

We are proud of providing our graduates with a solid foundation and enjoy following them during their higher education in preparation for their future careers. An example of careers chosen by past graduates include: MD/PhD in Oncology/Hematology, Board Certified Veterinarian specializing in Dentistry/Oral Surgery, Secret Service agent, film production, school counselor, radiologist, registered physical therapist, certified lower/higher education school teachers, lawyers, financial analysts, Health/Safety professionals in local plants, insurance adjusters/underwriters/owners, aeronautical space engineers, maritime pilots, nurses, pharmacists, general practice veterinarians, chiropractors, local clothing business owners, electricians, HVAC professionals, plumbers, culinary graduates, local restaurant owners, etc. Many of our graduates and previous Trafton Academy students return to visit the Trafton campus years later to enjoy reminiscing with the Trafton teachers and staff.

We invite you to join our Trafton family and let us teach your child to

Soar like an Eagle
